Pathway Opportunities

Each path has been created to prepare you for success and every path begins with...

___ **TABE:** (Test of Adult Basic Education) This test is required to access the Adult Education Center's resources and will measure your Educational Functioning Levels in Reading, Language, and Math. This test gives us a general idea of where you may need educational support to meet your goals. TABE results will be given during your Advisement appointment.

___ **Digital Literacy:** These 9 (nine) online modules will assess your basic computer skills so instructors know what support you will need to be successful in the technological world in which we live.

___ **Montana Career Information System (MCIS):** This tool will be used to create a Personal Education and Employment Plan specific to your goals.

Revised July 2017
